

## What fun we've had!

Cyclists ready to go on their Alvar Tour

MICA guided multiple successful Alvar tours in June and September, bringing tourists to many of our MICA sponsors during the slower shoulder season. These annual tours attracting up to a maximum of 16 cyclists at a time makes the experience a very personal one. This tour is an all inclusive 5 day adventure, hitting all of the hot spots the island has to offer.

## Tour de FORCE

Previously named the "Marc Hovingh Memorial Ride," this event honors fallen police officers in the Northwest and Northeast Regions. The ride raises funds for the OPP Youth Foundation, which has been actively supporting families on Manitoulin Island. MICA was able to donate \$1,000 to this cause.

## OUR TOP STORY

## MICA sponsors Cyclists for a chilly ride!

This group cycled from Moose Factory to Attawapiskat, roughly a 200 km endeavor, in February along the ice roads. MICA's generous donation of \$2,400 supported the cost of Fat Bikes donated to youth in a number of communities along the James Bay Coast.

Thank you for making this season a success!
